**2017 Central Lab Closure Days**

Dear investigator,  
 Dear Clinical team,

We would like to inform you of the closure days of the BARC affiliates. We recommend scheduling your visits in such a way that sample shipments arriving at your BARC affiliates on one of these closing days can be avoided. This way we can avoid samples arriving out of stability ranges. In addition, we also want to remind you that samples cannot be sent the day before a local Public Holiday and on the day of a local Public Holiday. Please find below an overview of closing days per affiliate:
